**Date:** November 30, 2012

**Subject:** TDK introduces a new global catalog part number for its Multilayer Ceramic Capacitor products

**Dear Distributor Partner,**

Thank you for your business and continued interest in TDK's ceramic capacitors. This letter is to inform you that we are changing the nomenclature of our ceramic capacitor **catalog part numbers**. The new catalog part number includes characters to indicate thickness and packaging details (reel size and tape width). This change also allows TDK to unify its catalog part numbers globally.

<u>Online Catalog Issued</u>	<u>TDK Catalog Part Number</u>	<u>TDK Item Description (On Labeling)</u>
Prior to January 2013	C1608C0G1E103J	C1608C0G1E103JT000N
January 2013 and Later	C1608C0G1E103J080AA	C1608C0G1E103JT000N

We ask that you reference the new **catalog part numbers** beginning with new orders dated January 2013. TDK will not accept orders for the existing part numbers beyond March 29, 2013. After this date, only orders with the new part number structure will be accepted. The final shipment from TDK's factory referencing the existing part number will be June 28, 2013.

Please be aware that the last five characters of the TDK **catalog part number** will differ from the TDK item description (internal control number) on the packaging label. For example: C1608C0G1E103J**080AA** Vs C1608C0G1E103J**T000N**.

Please reference the attached conversion table that cross-references existing **catalog part number** to the new catalog part number. TDK will also provide a conversion feature in its online cross reference tool, scheduled to launch on January 7<sup>th</sup>, 2013. This tool will be available via the ceramic capacitor portal at [www.tdk.com](http://www.tdk.com). TDK is committed to working closely with you to minimize any impact this change may have.

**Affected Product Series:** C, CKC, CKG, CLL, CGA, CGJ, CGB, CEU, CER, and CKD
